

Comments on the schedule for the final two weeks of class:

Tuesday, April 27th is the final class day for Galveston, while Tuesday, May 4th is the final class day for Corpus Christi. To reconcile this difference, we will adopt the following logistics for the completion of the semester.

Tuesday, 4/27: Final Babe Schwartz lecture review and wrap-up. The three Galveston graduate students will present their in-class reports. Take-home final exam will be posted on the website under "Week 14 Notes". No new material relevant to the final exam will be presented after this class meeting.

Tuesday, 5/4: Corpus Christi graduate students will present their in-class reports. All written term papers from both campuses are due to be turned in by the end of the class period on this day. Attendance by Corpus Christi students for these presentations will still be considered as part of the participation grade for the course.

Thursday, 5/6: Final Exam deadline. Galveston students must turn in their final exam materials to Tom Linton by 3 PM. Corpus Christi students must turn in their final exam materials to Grady Price Blount by 3 PM.

E-mail attachments to Drs. Linton or Blount are fine but it is the student's responsibility to follow-up and make sure the materials were received on time and in readable condition.

**LESSON PLAN
TUESDAY APRIL 20,2004**
